ARTICLE I. ADMINISTRATION

Section 1.01 Introduction

The 2020 City of El Monte Executive Benefits Profile (“Profile”) is a summary of compensation and benefit practices, adopted by City Council, that apply to all Executive Management classifications identified in Section 1.03 of the Profile.

The Profile establishes the policies and procedures related to the implementation and administration of the Executive Management Compensation/Benefits Program. In the event of a conflict between the provisions of the Profile and the Administrative Policies & Procedures Manual, the provisions of the Profile shall prevail. In the event of a conflict between the provisions of the Profile and any individual employment agreement, the provisions of the employment agreement shall prevail.

The appointment of a person to a position on the Executive Management Team shall be made by the City Manager and will not require the establishment of an eligibility list. Employees in Executive Management positions serve at the will and pleasure of the City Manager, and are not represented by an employee organization.

Section 1.02 Purpose

The Executive Benefits Profile is intended to serve as a comprehensive document to define and describe the forms and amounts of compensation and benefits for Executive Management employees. The Profile reflects all City Council actions in effect relating to the Executive Management Compensation/Benefits Program.

The various forms of compensation and benefits described in the Profile recognize that employees of the Executive Management Team should be compensated appropriately for exhibiting accountability, cost effectiveness, application of new technologies and maximization of the utilization of human, physical and fiscal resources; for exerting leadership to enhance the mission and future of the City; and for stimulating the development of employees and work methods to accomplish program goals and objectives.

Section 1.03 Executive Management Classifications

The following Executive Management Team classifications are covered by this Profile:

- Assistant City Manager
- Chief of Police
- All Department Directors
- All Department Assistant Directors
- All Department Deputy Directors

ARTICLE II. COMPENSATION

Section 2.01 Salary

- A. The City of El Monte Classification and Compensation Plan, as adopted and periodically updated/amended by the City Council, provides the minimum and maximum salary levels for each Executive Management classification. At the time of appointment, salaries for Executive Management Team members shall be set by the City Manager at any amount within the respective/prescribed salary range based on the Executive Management Team member's qualifications and any applicable financial and recruitment considerations.
- B. At any time that a cost of living adjustment ("COLA") is granted to the City of El Monte General Mid-Management Unit, represented by SEIU Local 721, the salary ranges for the corresponding Miscellaneous Executive Management Team classifications shall be adjusted by the same rate at the same time, with the following exceptions:
- Effective January 1, 2020, the salary range for the Chief of Police shall be increased by a five percent (5%) COLA.
 - Effective January 1, 2021, the salary range for the Chief of Police shall be increased by a five percent (5%) COLA.

Following any such COLA, all current Miscellaneous members of the Executive Management Team in the affected salary ranges shall receive a salary adjustment equal to the COLA at the same time the COLA takes effect.

- C. Effective July 1, 2020 through June 30, 2021, all members of the Executive Management Team shall be required to take a total of twenty (20) unpaid furlough days.

Unpaid furlough days may be scheduled at the member's discretion, subject to advanced written approval by the City Manager.

For each unpaid furlough day taken, the member shall be deducted ten (10) hours of pay utilizing the hourly rate equivalent of the member's base salary. Such deductions in pay shall be made in the pay period in which the furlough day(s) is (are) taken.

To the extent permitted by CalPERS under the California Public Employees' Retirement Law and Public Employees' Pension Reform Act, unpaid furlough days shall not affect member retirement benefits. However, the City makes no guarantees or representations about what impact unpaid furlough days may ultimately have on a member's final compensation or service credit for purposes of CalPERS retirement benefits.

- D. Notwithstanding subsection B above or any previously approved versions of the 2020 Executive Benefits Profile, all members of the Executive Management Team (Miscellaneous and Safety) shall defer the five percent (5%) COLA scheduled to take effect January 1, 2021, to July 1, 2021. Adjustments to Executive salary ranges shall also be deferred to July 1, 2021.

Both the July 1, 2021 COLA and salary range adjustments shall be contingent on a

determination by the City, in its sole discretion, that sufficient funds are available within the City's Budget for Fiscal Year 2021/2022 to support the COLA and salary range adjustments.

- E. Salary and benefit levels will be reviewed on a periodic basis. Such review will contain comparisons with other similar agencies within the appropriate labor market, and will be utilized to recommend competitive salary and benefit levels for Executive Management positions. Salary and benefit levels for individual positions may be adjusted from time-to-time by the City Manager (if within established ranges), or with the approval of the City Council.

Section 2.02 Performance Management

- A. The City recognizes that to recruit and retain well-qualified Executive Management Team members, those members should be compensated appropriately. To facilitate and enhance effectiveness and productive efforts of Executive Management Team members, individual employee performance and compensation will be reviewed on a periodic basis, consistent with the provisions below:

1. Performance Evaluations

- a. Progression in the salary range for Executive Management members shall be based on the individual member's performance. The City Manager and the Executive Management Team member will develop performance goals, and the City Manager shall be responsible for evaluating the Executive's performance in relation to the achievement of such goals on a periodic basis, but no less frequently than on an annual basis.
- b. Performance goals to be considered include, but are not limited to the following:
 - Customer Service
 - Managing Finance and Material Resources
 - Leadership
 - Communication
 - Quality and Quantity of Work
 - Interpersonal Characteristics (i.e., listening and communication skills)
 - Meeting and/or exceeding assigned goals and objectives

2. Compensation

The compensation philosophy for the City of El Monte is to establish a compensation package that will attract the highest caliber individuals. Therefore, the second component will contain comparisons with peer and subordinate compensation within the organization as well as comparison with other similar agencies within the appropriate labor market. These factors will be utilized to recommend salary and benefit levels that will facilitate continuation of this philosophy.

There exists a variety of different circumstances and situations which require an Executive Management Team member's absence from work. The following is a compilation of leave
