City of El Monte, E.M.M.C., Chapter 17.16 (Occupancy Inspection Program)
Section 17.16.040,H: In issuing a property inspection report, neither the Building Official nor the Building Division warrant or represent that all outstanding code violations are stated therein. Code deficiencies identified in each property inspection report represent the Building Official's and the Building Division's best attempt to identify all outstanding violations, but do not necessarily represent an exhaustive listing of all outstanding violations. The failure of the Building Official and/or the Building Division to identify a code violation in the property inspection report shall not prevent the City from taking all legal action available to it to cause such violation to be corrected, including but not limited to the issuance of a criminal citation.

Section 17.16.040, J: Each applicant shall deliver the property inspection report to the appropriate party (e.g. to the prospective buyer, transferee, renter, lessee, or other prospective user or occupant, whichever the case may be) and within fourteen (14) calendar days thereafter shall deliver to the Building Division a delivery confirmation receipt evidencing the successful delivery of the property inspection report.
