Subject: CITY OF EL MONTE WATER MAIN REPLACEMENT PROJECT South of Bryant Rd. Between Peck and Tyler.

Dear Resident or Business-owner:

The City of El Monte has awarded a contract to Dominguez General Engineering for the South of Bryant Rd. Water Main Replacement. The construction is subject to the installation and replacement of a new water main line.

This project is in its last stages. As part of the finalization of the project Dominguez is to Slurry Seal the newly installed pavement per the scope of the project. The work will be performed April 08 - April 09. Please see the diagram below for the affected streets.

Date	Street	Limits
April 9	Montecito Dr	Tyler Ave to Clark Ave
April 9	Winston Dr	Montecito Dr to Bryant Rd
April 9	Maple Ave	Forest Grove St to Bryant Rd
April 10	Montecito Dr	Clark Ave to Lincoln Ave
April 10	Forest Grove St	Maple Ave to Peck Rd

Your Roadway will be closed to any traffic for about six hours; if you need transportation please make alternative plans. Residents on Cul de Sacs South of Montecito Dr on both Winston Dr and Esmeralda Ave will need to plan ahead. As there will be no available access to these areas as well.

Dominguez General Engineering Inc. will make every effort to keep driveways to all residences and businesses open at all times, but there may be a time when the driveway may be temporarily inaccessible. We will try to minimize any inconvenience to your business and residents. Emergency vehicles and all other services will have access throughout the duration of the Project.

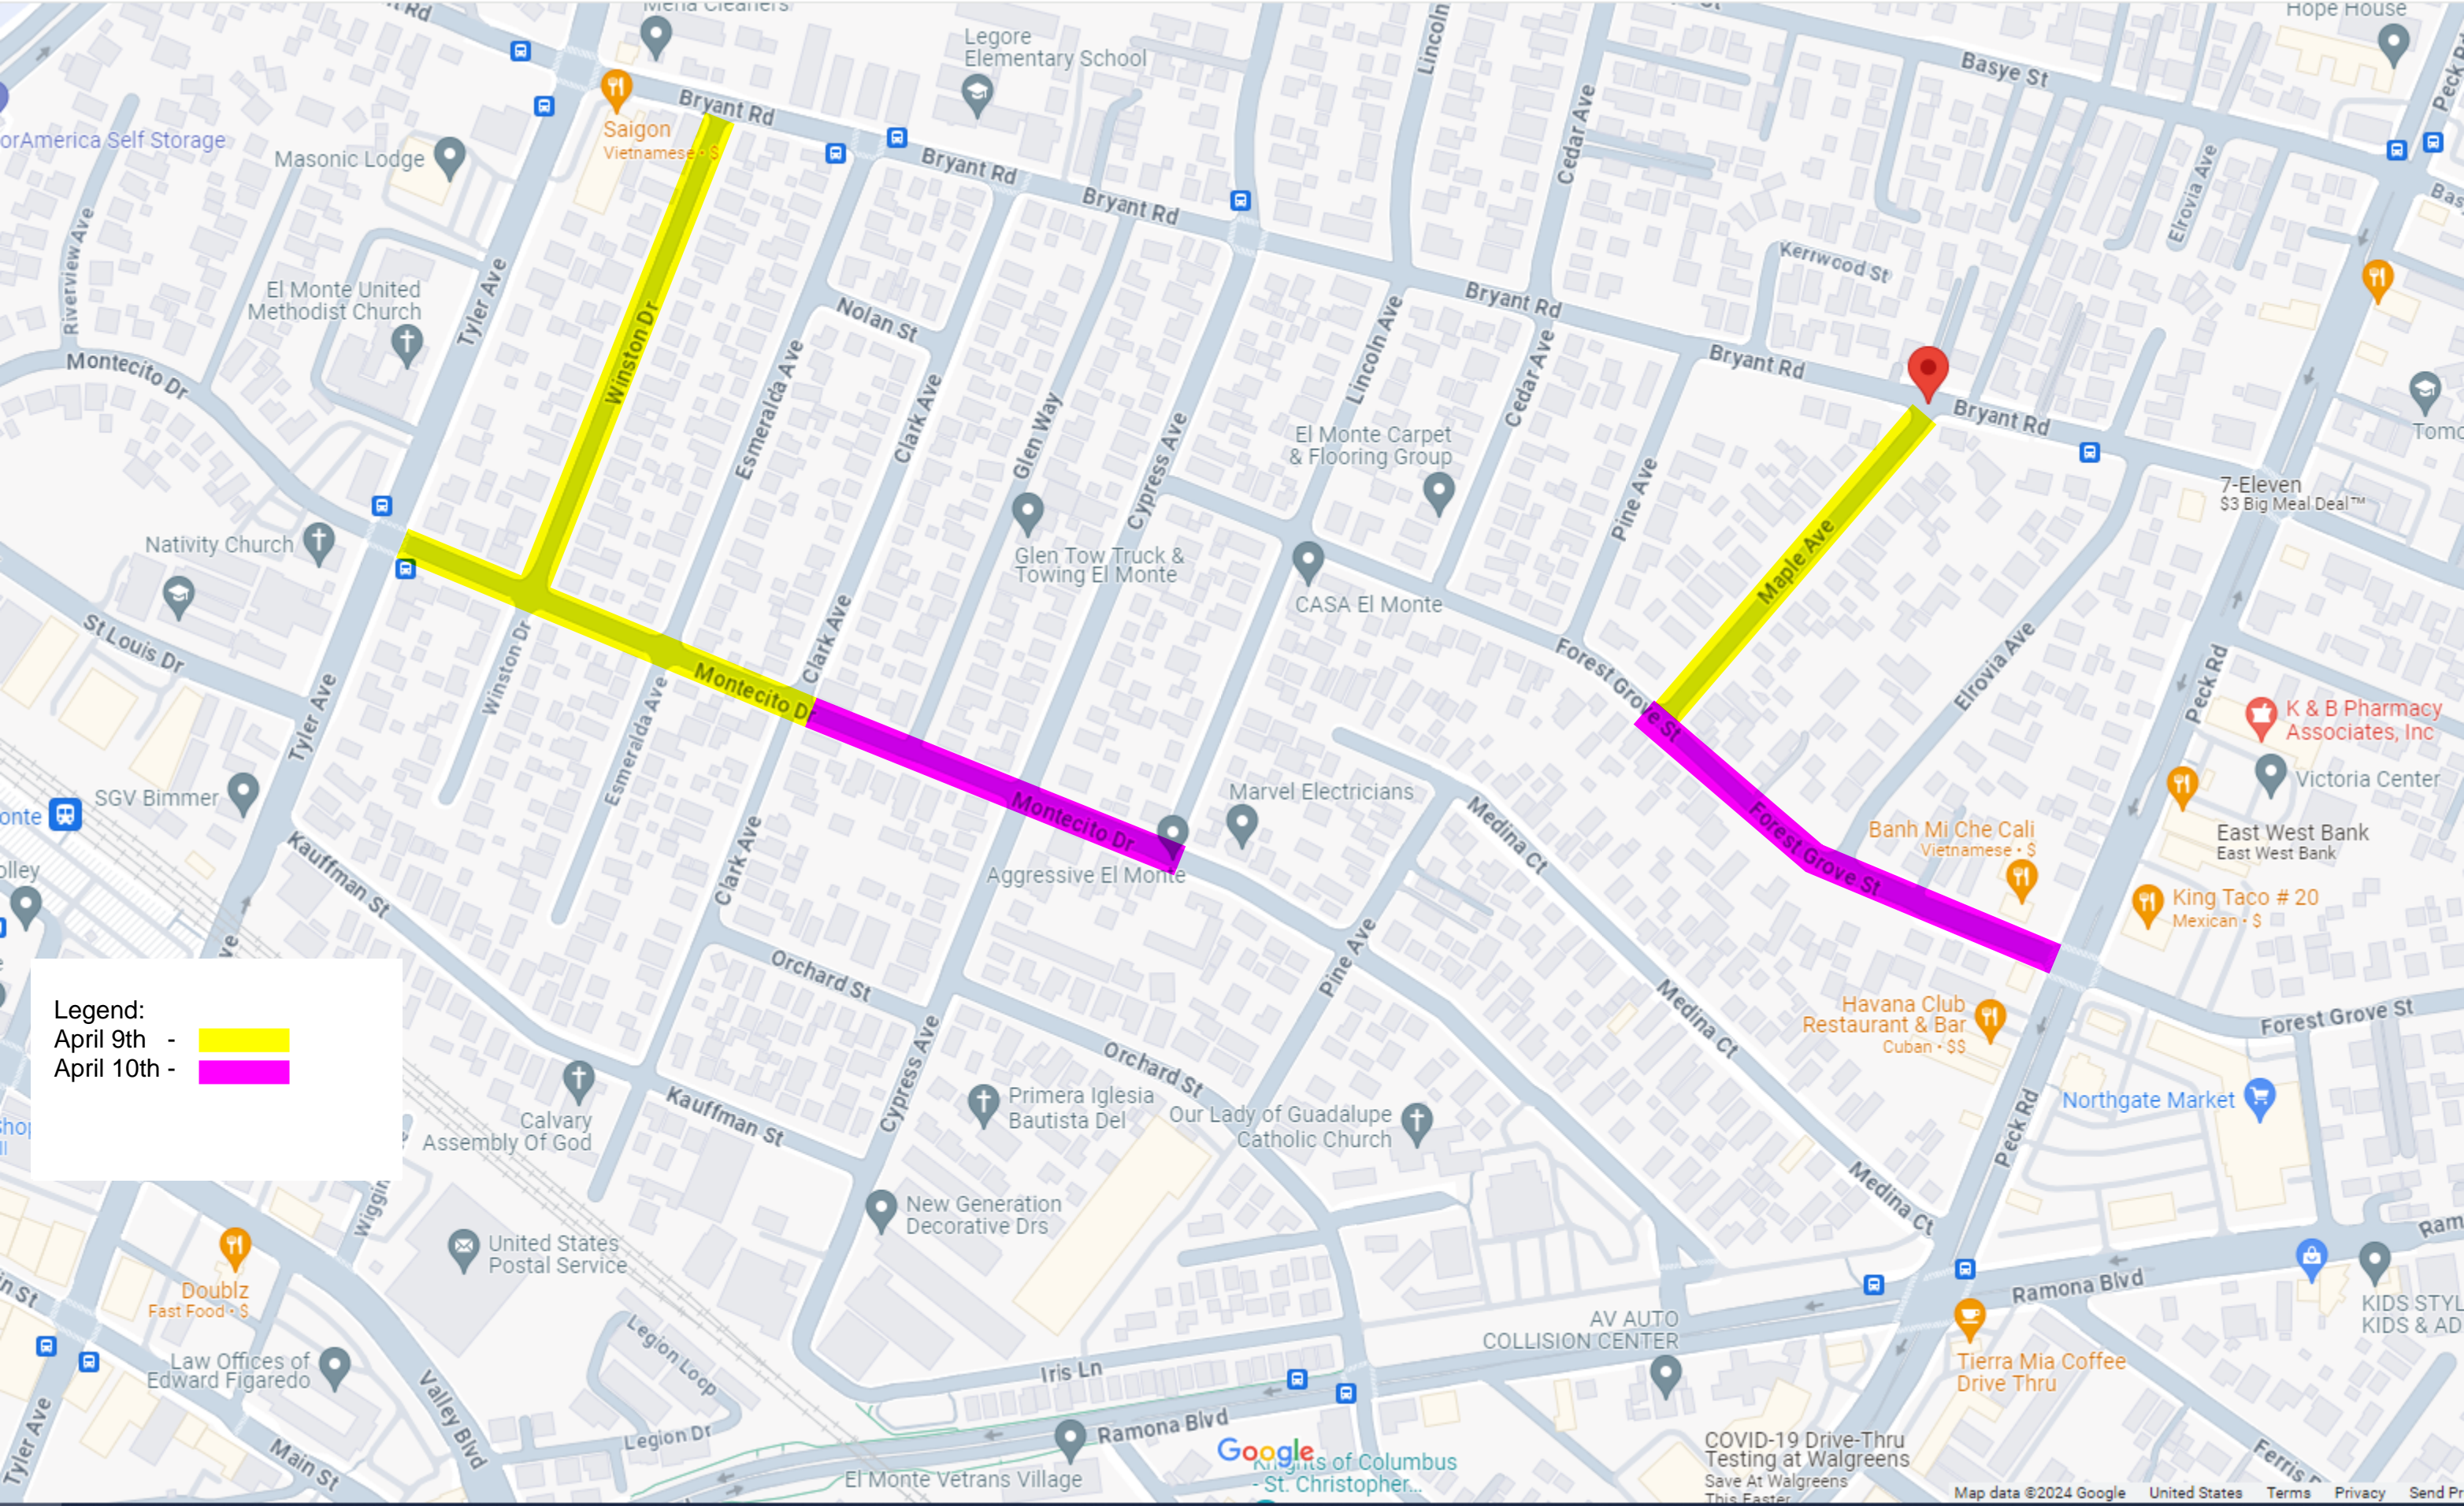

There will be "No Parking" signs posted throughout the project indicating the specific dates work will be performed in that area. During construction, access to through traffic may be delayed and we ask the following:

1. Please do not park your vehicles on the roadway
2. Please do not allow water to run on the roadway
3. Trash pickup will not be disrupted, but please do not place trash cans or other debris in the roadway.

We appreciate your patience and cooperation during the construction of the improvements to help the project run as smooth as possible. Please direct any questions to Dominguez General Engineering at (909)-461-3658 or City of El Monte at (949) 599-4056.

Sincerely,

Dominguez General Engineering Inc.
